Good morning Peter,

The permits issued to Sevier County for work on Bull Claim Hill are maintained in case files with separate serial numbers however, they are bonded with a single bond- not separately. We permitted the bonds this way to accommodate Sevier's time constraints which resulted from amendments to their mine plan.

The BLM is comfortable retaining \$7000 of the \$37,200 bond for the liabilities presently onsite. I will have an official partial bond release letter in the mail to UDOGM by 3/27.

Any questions please let me know. Have a good wknd.

Best,

—
